

Top ring of bell was 59" around (circumference) and bottom ring was 94" around. Keep In mind coupler/connectors add to length.

18" Pool noodle piece put over top of 42" hat PVC extension. Another 2 pieces are needed – one for each leg.

PVC pipe length from T at shoulders to tip of hat: 42" (called neck to hat piece)

THE FRAME (goes under "bell" PVC shape)

PVC length of shoulder to shoulder: 24" This section MUST be wider than PVC top circle in order for it to hold up the "bell" shape made. Use plastic cable ties once bell is in position to secure. Doing so instead of screwing allows for easy removal for breaking down if necessary.

Not Shown in pic: There are 2 T connectors needed to attach to the 12" length of each "foot" capped with L connectors to stabilize the mayor while standing.

PVC cuts were variable between each T in rings. I wanted Mayor to have a gut. If you add up the width of your T's used in each ring then subtract that to circumference, you'll get approx. inches needed of PVC to be divided into 8 pieces but add approx. .1" to each piece for snug fit insertion into T.

20" PVC Pieces connect top ring to bottom ring

Black foam board needs to be cut to match size of top PVC circle of bell. Cut hole to fit PVC snugly. Hat rim should be close to same size .

- Supplies:**
- image of mayor's both face sides
 - 3-4 10 foot 1" PVC pipes
 - 20 count of 40 degree angle 1" connectors
 - 21-23 count of T connectors
 - PVC cutter and Boxing tape , white or peach duct tape
 - 4 L-shaped and 4 elbow (90 degree) connectors
 - 2 large black foam boards, 3 pool noodles (ones that have hole in center)
 - Pair of child size 5 stretch pants (or black material to use for legs and hat trim)
 - 4 yards of grey material
 - A large plastic spider
 - 2 black pipe cleaners, more pipe cleaners for hands (approx.. 20 any color – will be covered with duct tape)
 - Red Ribbon
 - Small Circle of White foam for center of ribbon/name tag
 - 11" H x 30" circumference Flexible plastic garbage can
 - Outdoor Acrylic paint (grey, peach, and others for face)
 - Paint brushes, Hot glue gun/glue sticks, painter tape
 - 1 Yard white material
 - *Optional: Plastic megaphone with duct tape spiral pattern
 - Black Permanent Marker for name tag
 - *extra straight 1" couplers for cut length mistakes
